

# Multi-Solvent Cleaner

**Fortron Multi- Solvent Cleaner is a highly refined and fast drying solvent that makes it extremely versatile and suitable for almost any application.**

## SUMMARY OF BENEFITS

Fortron Multi Solvent Cleaner is formulated for quick and easy removal of greases and oils without the need to flush away with water. The fast drying time, low flash point and no residue properties of this solvent make it excellent in almost any application including Automotive, Motorcycle, Mining, Marine, Commercial and Industrial.

Ideal as a brake and parts cleaner and for cleaning transmission components. Also suitable for cleaning surfaces prior to painting and assembly.
