

Vinyl & Plastic Reviver

Fortron Vinyl & Plastic Reviver is a water and silicone based emulsion, which provides a virtually non-slip protective coating, and sealer, which is suitable for all vinyl and plastic surfaces.

SUMMARY OF BENEFITS

- Fortron Vinyl & Plastic Reviver is ideal for enhancing many types of vinyl and plastic surfaces. It provides a non-slip protective coating and will give a gloss finish to metal, wood, acrylic, rubber, vinyl and leather.
- Vinyl & Plastic Reviver also enhances and offers a durable protection film on furniture, vinyl roofs, tyres, plastic bumper bars, spoilers, rear screen venetians, dashboards, door trim leather, vinyl, plastic luggage, vinyl upholstery, plastic and leather apparel.
