

Brake & Clutch Fluid – Dot 4

Fortron Brake & Clutch Fluid Dot 4 is a special low moisture absorption, high boil point brake fluid.

SUMMARY OF BENEFITS

Suitable for all cars, trucks and buses under extreme and heavy duty application. Also suitable for disc or drum brakes and clutches.

Conforms to specifications:

- Federal Motor Vehicle Safety Standards
- FMVSS 116 DOT 4, SAE J 1704, ISO4925
- Australian Standard AS1960 (1963) Grade 3

PRODUCT SPECIFICATIONS

Colour	Amber
Density @ 20°C (kg/l)	> 1.06
Viscosities cSt 100°C	2.16
Viscosities mm ² /s -40°C	1.361 CSt
Boiling point (ERBP) 230°C	261
Boiling point (wet) 155°C	163
Ph	8.71
High temperature stability (BP change)	1.0°C
Chemical stability (BP change)	0.3°C
Odour	No Odour
