

G Plex Grease

Fortron G Plex Grease has been manufactured to provide the following benefits.

SUMMARY OF BENEFITS

- Non melting for wheel bearing and hot applications
- Resistant to water washing
- Fortifies against rust and corrosion
- Non bleeding – oil does not separate under pressure
- High oxidation resistance – resists gumming and carboning
- High lubricity value – prevents wear – chemically fortified
- Suitable for continuous use up to 180°C
- Also suitable for plain bearing grease lubrication
