

Oil Fortifier

FORTRON
AUTOMOTIVE TREATMENTS

Fortron Oil Fortifier will boost the viscosity performance of A.P.I., S.A.E. and C.C.M.C. lubricants.

Helps reduce oil burning and maintains oil pressure. Older vehicles tend to lose power, burn oil and lose oil pressure due to wear.

SUMMARY OF BENEFITS

- Helps reduce oil burning
- Helps increase compression
- Helps maintain oil pressure
- Helps reduce wear and corrosion
- Suitable for older or high mileage vehicles
