

Brake & Parts Cleaner

Fortron Brake & Parts Cleaner can be applied without disassembly of brakes. This product removes brake fluid, oil and other contaminants. Can be used for all parts spot cleaning where it is not desirable to wash with water.

SUMMARY OF BENEFITS

A build up of brake fluid, oil and other contaminants will detract from the efficiency of the brakes very quickly. Fortron Brake & Parts Cleaner is specially formulated for the removal of most contaminants and will also stop disc brake 'squeal'.

Will remove brake fluid, oil and other contaminants from:

- Chains
- Slides
- Open gears
- Hinges
- Brake parts and equipment
- Mechanical parts and equipment
- Suitable for disc and drum brakes
